COLLEGE  
FREIBURG

# 1st LAS Graduation Ceremony | October 15, 2016

Albert-Ludwigs-Universität Freiburg

UNI  
FREIBURG

## **Liberal Arts and Sciences at University College Freiburg – Ready for Graduation**

Four years ago, the University of Freiburg established University College Freiburg (UCF) as a platform for interdisciplinary, international, and innovative teaching. UCF's central offering is the four-year, English-taught Bachelor program in Liberal Arts and Sciences (LAS) – the first of its kind in Germany. LAS integrates a broad interdisciplinary education with a disciplinary academic training in one particular Major. It also encourages students to critically reflect on science and knowledge and to become skilled communicators and creative shapers of their environment.

In October 2012, 78 pioneer students started their LAS studies and from the beginning became part of the fascinating process of developing UCF. They were – and are – curious, demanding, and engaged at UCF and beyond. In the past four years, they have learned about the foundations of knowledge, science, and academic inquiry. They have chosen their LAS Major, spent time abroad, and are now, in 2016, ready for graduation and their next steps.

From the beginning, we were convinced of our program and our students. Now, we and especially our graduates can be proud that this has been recognized by prestigious institutions all around the world. The University of Freiburg and UCF are delighted to announce and celebrate the first LAS Graduation Ceremony.

# 1st Liberal Arts and Sciences Graduation Ceremony

Venue:  
Kollegiengebäude I  
Hörsaal 1010  
Platz der Universität 3  
79098 Freiburg

We are not students of some subject matter, but students of problems. And problems may cut right across the borders of any subject matter or discipline.
